TPDS beneficiary identification related processes in Odisha (Roll-Out Phase)

Clarifications on the Queries and Corrigendum to the RFP

Please find below the amendments in the RFP based on the written queries received from the bidders and the queries received by Pre-Bid Conference held on 17/12/2014 at OJSCS Ltd. Please note that the only the part of the section where changes have been done are reflected in the corrigendum. The other requirement of that particular section will remain unchanged as stated in the RFP.

Important: The note on clarification and corrigendum is to be read, duly signed and submitted along with the original general bid documents.

Sl.No.	Page & Clause No.	Query raised	Clarifications/Corrigendum
1			Service Provider (SP) has no role to play in the entire registration process as it shall be managed by Govt functionaries. However, the SP has to collect the filled in registration forms & application forms from the nodal officers identified at Block/ULB points. The citizen inter-face activities at the Registration Centres shall be managed by the District Administration.
2	Cl. 2.1.3 Page 16	What is the role of SP for Registration of Application Forms	No
	Cl. 5.4.3	Whether MSME unit will be exempted from EMD as per the MSME act?	The timeline in the RFP remains unchanged.
3	Cl.7.2	The Timeline for NPR Search and Data Digitization should be increased to 30 days for each segment.

Sl. No.	Page & Clause No.	Query raised	Clarifications/Corrigendum
4	Cl. 4	The data connectivity is very poor at the district. We request to search with Local server and upload to state data center periodically. Otherwise the total Job will be bandwidth dependent.	As per provision, the NPR data can only be accessible through an application software. It is not possible to make the NPR database available in the servers located at each CDC due to security reasons. However, an utility will be provided where bidder can download the NPR family data of the assigned districts only in pdf format from the search module. This will be a one time activity & consume less time to search as the data are available in local machine. Once the NPR ID of a family is found, the DEO has to enter the Family ID only (in order to narrow down the search criteria) in the search application to retrieve the family details for mapping the application form no with NPR Family ID & proceed for digitization. Further in order to ensure seamless data connectivity, the CDC should be located preferably in District HQs only.
5	Cl. 2.1.1.1	It will be difficult to get 100 seater data center in every district? Can it be splitted to one more centers in one district?	The selected bidder may set up one or more than one CDC in each district in order to accommodate the number of DEOs which has to be equal to the total number of registration centers to be identified in the allocated district. (The segment which has the highest number of RCs would be considered)
6	Cl 1.6.J	Which Printer is suggested for Printing of Ration Card? Can we get a sample card?	Color Laser Jet Printer is ideally suggested for printing of Ration Card. However based on the need & considering the dynamic nature of the project, the selected bidder may be required to provide high end printers in order to expedite the work as & when required by Government. Please refer Annexure-1 for sample card design.
7	Cl.1.6.F	We would like to have sample of draft priority this for deriving commercials.	Please refer Annexure-2 for sample draft priority list.
8	Clause. 6	Payment mile stone should be revised with response to NPR Search and Data digitization. The Investment is substantial in terms of hardware, set up, PBG and variable costs.	Please refer the updated payment milestone in Annexures-3.

9			It has been defined in Sec-7.4 , Page-62 of the RFP
10	5.10.2	In case of Consortium the Eligibility criterion will be evaluated for Prime Bidder or any of the consortium Partner?	The stipulation in the RFP is increased to Rs 2 Crore as annual turnover.
11	5.10.5	Based on the size of the project annual turnover should be increased to 5 Crore to prove the financial Strength.	Please refer to Appendix-B,Page No: 88 of the RFP.
12	Section 2.1; Page No. - 16	Please confirm, the number of Blocks/ULBs offices in each district.	Please refer Point No-2 of Section 2.1 of this RFP.
13	Section 2.1; Page No. - 16	Please confirm the total number of registration centres along with the breakup of the same in rural & urban areas	The application for Ration Card is enclosed at Annexure-4
14	Section 2.1; Page No. - 16	Please confirm, the number of pages per document to be digitized.	No Govt offices will be available for CDC. The vendor has to find out the place preferendy in District HQ. Please refer point no 1 & 2 of Section 2.1 of Page No-16 of the RFP.
15	Section 2.1; Page No. - 16	Is it Government office premises? If Yes then, electricity provided by Govt, only back up to be arranged by the vendor? Vendor can use the SWAN connectivity as primary network connectivity?	Printout should be taken in A4 size xerox paper for printing (B&W) of Acknowledgement slips, Draft Priority List and Suspect Families List 1 & 2.
	General	Please confirm whether the size of pages are different for different document types. If yes, please confirm the percentage break up of A4, A3, A2, A1, A0 and similar such page sizes

16	Section 2.1; Page No. - 17	Please confirm, the number of fields and characters for data entry.	Please refer the Annexures-4 for the fields. However the fields provided are indicative in nature. There may be addition/deletion/modification in the fields structure based on the requirement of the project.
17	Section 2.1; Page No. - 17	Please confirm the location of data storage as well as data backup procedures. Also, please confirm whether CMC would be responsible for any data loss.	The selected bidder has to undertake the digitization activity in web based software only. The digitized data shall be stored centrally at State Data Center. However bidder needs to ensure the correctness of the entry in the application software as per the filled in application forms received from the citizen.
18	Section 2.1; Page No. - 18	Please confirm, whether the control report can be generated through the provided software.	The control reports shall be available in the application software post digitization ,however the bidder has ensure that the internal mechanism should be in place so that necessary MIS may be provided to Government as & when required.
19	Section 2.1; Page No. - 16	Please confirm, whether the documents to be digitized would be collected in batches.	It may be in batches for the segments in any district,
20	Section 2.1; Page No. - 19	Please confirm, the parameters to be considered for selecting the units for a bidder.	Least cost Basis after Technical Evaluation

21	Page 14, Section 2.1, Scope of Work, S.No.3	What are the parameters for searching NPR IDs, Will NPR ID be collected from citizens during registration?	It is the responsibility of vendor to search the NPR ID from the application developed by the department. Bidder has to ensure that each application should be searched for NPR ID atleast once before digitization. The parameters for searching would be Applicant Name & Father's Name or Applicant Name & Spouse Name or NPR Family ID. At the end the bidder has to ensure 50% of the HH should be populated with NPR ID. The registration form will have details of two members of the applicant family for search.

Annexure-7

Revised Consortium Criteria

The consortium shall be formed under an Agreement on a non-judicial stamp paper of Rupees one hundred, duly signed by all the partners. The agreement in original shall be submitted with the bid. One of the partners of the consortium will be designated as "Prime Bidder" and shall be finally responsible for implementation and provisioning of the services as per the requirements of the RFP. Agreement document should clearly state the roles and responsibilities of each partner for the successful implementation of the said project. However, if any member is deleted or withdrawn after submission of bid, OSCSC reserves the right to disqualify the bid or consider any change proposed by the prime bidder. In case of consortium, the agreement shall be exclusively for this project and the prime bidder shall be responsible in case of failure by any partner. The bidder/ each partner of the consortium shall disclose details pertaining to all contingent liabilities, claims, disputes, matters in appeal & in court and any pending litigation against the bidder or member of the Consortium.

For consortiums all details as mentioned in this section-5.10 in Prequalification Evaluation (except payments for RFP documents and EMD) should be provided for the all the individual partners.

The experience & expertise of consortium partner will add to the overall requirement of experience & expertise of prime bidder.
